A section describing what you set out to do.

- My group created a 1-foot cat 5 "straight through" cable.

A section describing how you set out to do it. Be sure to include the color matching of which colors to which pins.

- Straight through - both ends of cable
 - 1 orange/white
 - 2 orange
 - 3 green/white
 - 4 blue
 - 5 blue/white
 - 6 green
 - 7 brown/white
 - 8 brown

A section discussing what happened when you did it.

- I assisted my team member by organizing the color pattern and crimping the RJ45 crimp connectors to both ends.

A section of conclusions from the experiment

- We tested the cable with the cable tester and everything passed.

A section answering any specific questions. There are no questions on this first lab.
